

PRESTIGE CONSTRUCTION & DEVELOPMENT, LLC.

With beautiful homes located throughout Palm Beach County, Prestige Construction & Development, LLC has created a valued reputation as a custom builder who listens closely to the needs and desires of its clients to produce amazing results right on time.

As an established builder in South Florida, Prestige Construction & Development's portfolio includes the highest quality of new residential construction, renovation and commercial building construction.

Working directly, one-on-one with clients, the professionals with Prestige will connect future homeowners with trusted architects and creative interior designers to design and build the perfect home at a reasonable price. From the initial planning stages to the time the client moves in, clients receive the personal attention they need to realize their dream.

Numerous word-of-mouth referrals come from their residential clients, whose homes are designed to meet their needs and match their individual tastes.

This stunning North Palm Beach property, located right on the Intracoastal Waterway, features an open plan design that allows visitors to look through French doors to enjoy boats sailing past as they enter the foyer. Along with overlooking the waterway, the new home is complete with an impressive, custom pool and ancient, live oak trees lining the brick paver entryway.

All of the homes built by Prestige Construction & Development, LLC receive the same focus on the details to ensure a satisfied client. To learn more, log on to www.prestige-const.com or call 561.844.3563.
